

PROVIDER BULLETIN

TOPIC: State of Wyoming Formulary

Published by Wyoming Workers' Compensation Medical Case Management Unit

November 8, 2013

The Pharmacy Formulary for the Wyoming Workers' Compensation was updated with an effective date of 10/1/13. As part of our pharmacy benefits program, medications previously considered as "grandfathered" are being reviewed on an individual basis.

The new formulary can be found on the Workers's Compensation "HOME" page, at the bottom of the screen.
