PROVIDER BULLETIN

TOPIC: Platelet-Rich Plasma (PRP)

Published by Wyoming Workers' Compensation Medical Case Management Unit

December 17, 2014

Based on review of current literature, the Division has determined that the use of PRP is considered investigational and not medically necessary for all indications. Any requests for use by a provider will be considered investigational and according to the Wyoming Workers' Compensation Rules & Regulations, Chapter 10, Section 19., (the provider)...will submit to the Division a comprehensive review of the medical literature. This review will include at least two good prospective, randomized, placebo-controlled, double-blind studies.
