PROVIDER BULLETIN

TOPIC: Laser Spine Surgery

Published by Wyoming Workers' Compensation Medical Case Management Unit

February, 2016

Based on review of current literature, the panel determined that laser spine surgery be considered investigational and not medically necessary for all indications. Any requests for use by a provider will be considered investigational and according to the Wyoming Workers' Compensation Rules & Regulations, Chapter 10, Section 19., (the provider)...will submit to the Division a comprehensive review of the medical literature. This review will include at least two good prospective, randomized studies. All requests will be sent for peer review.
