PROVIDER BULLETIN

TOPIC: Interferential Current Stimulators (IFS)

Published by Wyoming Workers' Compensation Medical Case Management Unit
June, 2016

Based on review of current literature, recommend that the use of IFCs and associated combinations will be considered investigational and not medically necessary.

Any requests for use by a provider will be considered investigational and according to the Wyoming Workers' Compensation Rules & Regulations, Chapter 10, Section 19., (the provider) ...will submit to the Division a comprehensive review of the medical literature. This review will include at least two good prospective, randomized, placebo-controlled, double-blind trials.
